

# Addition.

We're pleased to offer a FREE service to help you in your efforts to make your students more proficient in math.

Free access to  
2,000 videos  
and 750  
math lessons!

from **Sylvan**  
LEARNING

We put a world of math tutoring  
in your students' hands.

- Free to your students during the school day
- Great for students who may have missed a lesson
- Students can review a lesson multiple times
- This program was created by math teachers
- Each lesson includes: practice problems, sheet describing the concept, self test
- Topics covered: Pre-Algebra, Algebra I & II, Geometry, SAT/ACT math prep
- Internet-based, no special software needed

Search lessons or  
problems by textbook  
page number, or search  
by problem/concept  
keyword

This service compliments of Sylvan Learning of Savannah
